

BOARD OF ROAD COMMISSIONERS

To Act in Conjunction With The County Judge.—Their Further Duties, Plans and Aims.

Whereas, a petition has been filed with the county court of Crittenden county, Kentucky demanding the County Judge of said county to call an election for the purpose of ascertaining the will of the voters of said county on the issuance of \$185,000.00 worth of road and bridge bonds for the purpose of constructing permanent roads and bridges in said county and for which a like sum is to be obtained through the State Aid Fund in the event said bonds are voted favorably to the issuance thereof.

And Whereas, in event said bonds are voted and said funds secured for the purposes aforesaid, it will be necessary for the proper supervision and erection of said roads and bridges and to insure to the voters and tax payers of this county an equitable and judicious expenditure of said funds if voted, relieving the Fiscal Court of the responsibility of same, realizing the importance and necessity of such a public enterprise, it is therefore ordered:

First—

That the County Judge is hereby directed to proceed in the necessary manner to hold said election for the purpose of ascertaining the will of the people according to the manner prescribed by the law in such cases made and provided.

Second—

That O. S. Denny, W. B. Yandell, Forest Harris, C. H. McConnell, Clarence Grady, G. T. Belt, E. L. Nunn and W. E. Asbridge be, and the same are hereby appointed by this Court to compose a board to be known as the Board of Road Commissioners, who shall qualify by presenting themselves before the County Judge not less than thirty days prior to the date of the election to be held for said purposes aforesaid, admit themselves under oath as by law prescribed, said commissioners to hold office for a term of not longer than December 31st, 1917. Any failure upon the part of any one of the persons aforesaid to qualify as herein provided, the County Judge shall have the right and he is hereby ordered to immediately appoint some suitable person or persons to fill such a vacancy and to proceed likewise in case of vacancy on said Board during the term of this appointment. And provided further that said Board shall act without compensation, other than their actual necessary expenses incident to the duties involving upon them in the discharge of their duties, and upon their delivering to the County Court a good and sufficient bond to insure the faithful performance of their duties as such Commissioners, said bond to be approved by the County Court.

Third—

That said Board shall be and is hereby authorized and empowered with full authority to make sale of said bonds if the same be voted, as prescribed by law providing for the sale of County bonds, to collect and receipt for same and to apply the proceeds thereof to the purpose for which

they are voted in a manner most judicious and advisable to said Board.

Fourth—

Said Board is hereby directed to begin the construction of permanent roadways, as soon after said election as practicable, if said election shall result favorably thereto, and to begin at the County Seat and proceed equally as near as possible along the four directions from said County Seat North, South, East and West on the main traveled thoroughfares in such directions.

Fifth—

Said Board is hereby authorized to act in conjunction with the County Judge in the matter of applying for and receiving State Aid and shall apply such funds so procured to the building of roads and bridges or to the payment of the bonds so voted as in their discretion may seem most advisable.

Sixth—

That a majority of said Board shall constitute a quorum for the purpose of transacting business as may become within the scope of their duties and authority, but in no event shall any contract be entered into by said board, under which road work is to be done without all members of said board be present unless notice of the time, place and purpose of said meeting or contracting be given such a member shown to be absent, at least three days prior to such a meeting, said notice to be given by the Secretary to be named by said board, by mail or personal delivery within the time aforesaid.

Seventh—

That said board shall render a quarterly statement in writing to the County Judge of this county, which statement shall fully set forth all acts of said board from and after its prior report, and provided further that said report shall be made on the first of any month upon the request of the County Judge made upon the Secretary of said Board at least five days before the first of such month.

Eighth—

It is further ordered that in view of the public interest in general in event said bonds are procured and the proceeds thereof paid into the hands of said Board, said funds shall be deposited and withdrawn equally with the banks of this county in proportion to the capital stock of such banks, and in no event shall any special favor be shown to any individual or institution, in violation of which the County Judge shall have the right and is hereby directed to adjust.

Ninth—

Said Board is further directed that they may with any funds in their hands for road purposes when they deem it necessary to the public travel on any road of hill not under contract of construction, proceed to any such road or hill and make such improvements, permanent or temporary, as may seem most advisable to them with regard to the general welfare.

SPECIAL ELECTION NOTICE

ARE YOU IN FAVOR OF ISSUING \$185,000.00 IN BONDS FOR THE PURPOSE OF BUILDING ROADS AND BRIDGES IN CRITTENDEN COUNTY, KY?

YES

NO

The above question will be submitted to the legal voters of Crittenden County on Saturday, May 27th, 1916, pursuant to the order copied below. "Yes" is a vote in favor of issuing the bonds, and "No" is a vote against issuing the bonds.

Polls will be open at all voting precincts on Saturday, May 27th, 1916, from 6 a. m. to 4 p. m.

The Fiscal Court of Crittenden County has appointed, under the provisions of an Act of the General Assembly of Kentucky at its last session, the following named as commissioners, viz: W. B. Yandell, Forest Harris, O. S. Denny, Clarence Grady, G. T. Belt, E. L. Nunn, C. H. McConnell and W. E. Asbridge; said commissioners in the matter of the issue and sale of said bonds, and the expenditure of the proceeds thereof, to have the powers of, and to act in the place of the Fiscal Court.

REMEMBER the day, Remember the question. Vote at your regular voting precinct.

D. E. GILLILAND,
Sheriff of Crittenden Co.

Order calling for an election in Crittenden County, Kentucky, on the question of issuing bonds for the purpose of building and re-constructing roads and bridges.

CRITTENDEN COUNTY COURT.
Regular Term, April 10th, 1916.
Hon. John G. Asher, P. J. C. C.

WHEREAS, on the 13th, day of March, 1916, a petition was lodged and filed with this court, as appears of record on the Order Book thereof, and

WHEREAS said petition asks that this Court call an election to be held in Crittenden County, on Saturday, the 27th, day of May, 1916, for the purpose of testing the sense of the voters of Crittenden County as to whether, or not, the Fiscal Court of said county shall have power and authority to issue and sell bonds from time to time in sums not to exceed One Hundred and Eighty-five Thousand (\$185,000.00) Dollars in the aggregate for the purpose of building, constructing and re-constructing public roads and bridges in Crittenden County, and

WHEREAS said petition was ordered to lie over until this date for action of this Court, and

WHEREAS the Court finds that the value of the taxable property of Crittenden County, including railroad, according to the last assessment roll, is \$3,783,537.00, and, from proof heard the Court finds that to be a fair valuation of said property, and that 5% thereof will exceed the sum of the proposed One Hundred and Eighty-five Thousand Dollar (\$185,000.00) bond issue, and

WHEREAS, the said petition having been examined by the Court, the Court finds and adjudges that it is in proper form

and, from his own knowledge and from proof heard, the Court finds and adjudges that same is signed by 187 legal voters, who are freeholders and residents of Crittenden County,

NOW Then, said petition is ordered filed, and it is filed, and it is further ordered and directed by the Court that an election be held at all of the voting precincts in Crittenden County on Saturday, May 27th, 1916, by the regular election officers in and for Crittenden County, for the purpose of testing the sense of the voters of Crittenden County as to whether or not the Fiscal Court of Crittenden County shall have power and authority to issue and sell bonds from time to time in a sum, or sums, not exceeding in the aggregate One Hundred and Eighty-five Thousand Dollars (\$185,000.00) for the purpose of building and constructing and re-constructing public roads and bridges in Crittenden County. Said bonds to bear interest not to exceed 5% per annum, with coupons attached payable semi-annually. Said bonds to be in denominations of not less than One Hundred Dollars (\$100.00) and not more than One Thousand Dollars (\$1,000.00) each to run not less than five nor more than thirty years, and to be redeemed within that time at the pleasure of the Fiscal Court, and to be sold at not less than Par Value and accrued interest; and D. E. Gilliland, sheriff of Crittenden County, will advertise said election, and the objects thereof, for at least thirty days next before the 27th, day of May 1916, in some newspaper having the largest circulation in said county, and he shall also advertise it by printed handbills posted up at not less than four public places in each voting precinct, and at the court house door. All legal voters shall be privileged to vote at said election, and L. E. Guess, Clerk of the Crittenden County court, is directed to have prepared a sufficient number of ballots for holding said election on which shall be printed the question

"Are you in favor of issuing One Hundred and Eighty-five Thousand Dollars (\$185,000.00) in bonds for the purpose of building roads and bridges in Crittenden County, Kentucky?" as is provided in the General Election laws, Section 1459, Kentucky Statutes.

The sheriff of Crittenden County is ordered to have the polls open at all of the voting places and precincts of Crittenden County, on the 27th, day of May, 1916, for the purpose of holding said election.

It furthermore appearing that the Fiscal Court of Crittenden County has heretofore appointed, under the provisions of an Act of the General Assembly of Kentucky at its last session, the following named as commissioners,

viz: W. B. Yandell, Forest Harris, O. S. Denny, Clarence Grady, G. T. Belt, E. L. Nunn, C. H. McConnell and W. E. Asbridge said commissioners in the matter of the issue and sale of said bonds and the expenditure of the proceeds thereof to have the powers of, and to act in the place of the Fiscal Court. It is therefore so ordered, and the sheriff is directed to incorporate the names of said commissioners, and the purpose of their appointment in the advertisement which he will make of said election.

This cause is now continued.

JOHN G. ASHER,
County Judge Crittenden County.

A Copy-Attest:
L. E. GUESS, CLERK
Crittenden County Court.

This is the official advertisement of the special election on road bonds.

EDGAR H. JAMES AN INVENTOR

Canada Interested In Mail Bag Lock Invented By Marion Boy.

"Although only two weeks have passed since they received their joint patent on a mail pouch locking device, Edgar H. James, United States Marshal and Charles W. Young, chief clerk of the Railway Mail Service in this district, have received a number of inquiries regarding their invention.

A letter received yesterday from Ottawa, Canada, asked if they would consider \$50,000 for the exclusive rights or \$10,000 for the Canadian rights. The article will first be offered to the United States government on the royalty basis. The United States has in use more than 3,000,000 mail pouches. They are closed at the mouth by a drawstring and hasp. A "collar" on the sack is locked below the drawstring. By the new device, it is claimed, the hasp is secured tight and a loop is made through which a regulation mail lock may be fastened.

Mr. Young has been in the railway mail service twenty-three years, and Mr. James nineteen years previous to becoming United States Marshal."

The above clipped from an issue of the Courier Journal is interesting news to the many friends of Mr. James here, and of Mr. Young also. The latter is a Fredonia valley boy, son of Mack Young, grandson of the late John W. Jackson, and son-in-law of Capt. W. J. Stone, now of Frankfort, formerly of New Bethel, Lyon county. Mr. James was reared here and everyone is his friend. His parents, Mr. and Mrs. L. H. James live here, also his sister Miss Lizzie James.

Visit Old Home.

Mrs. T. E. Guess and two baby girls, Dorothy and Regina, are visiting friends and relatives near Fredonia, enroute to Texas. She is a daughter of the late W. H. Mayes, who passed away some few years ago. Her mother, Mrs. Rose B. Mayes, resides near Caldwell Springs, Ky. Mrs. Guess has for the last four years been located in Ohio and New York states. Her husband T. E. Guess, who is connected with the National Life Insurance Co., of Chicago, will also make a short visit at his father's, enroute to Texas. Mr. Guess is being transferred to Texas by his company where the family expect to make their future home.

LOST RACE WITH THE GRIM REAPER

Pathetic Death of Mrs. James M. Guess Enroute Home From Denver, Colorado.

Mrs. Dora M. Guess, wife of James M. Guess, of Salem, died Thursday evening April 6th, 1916 at 6 o'clock at Perry, Kansas, where she had to be taken from the train as she was hurrying to get to her old home and friends to die. She left Denver, Colo., Wednesday at noon, in company with her husband, hoping to reach Salem before the end came.

Soon after passing the Kansas state line it became evident to her husband and the train officials that she had lost the race and that death would overtake her a thousand miles from her home and loved ones. Tenderly and affectionately the husband carried her from the train to a hospital where she breathed her last in a few short hours.

The remains were prepared for burial and brought to Salem for burial, arriving here on the ten o'clock train Saturday, and proceeding at once to the home of her sister, Mrs. W. H. Walker, from whose home the remains were taken Sunday at 11 o'clock to the Baptist church, where Rev. R. A. LaRue preached the funeral, and the interment was immediately afterward.

Dora Ford was born Mar. 31st, 1883, married Jan. 17th, 1903, is survived by her husband, James M. Guess, three children, Geneva 10 years old, Ernest eight years old, and Frances 5 years of age, three sisters and one brother also survive her as follows: Ada, wife of W. H. Walker, Dedie, wife of Orrie Hayden, of Princeton, Susie, wife of Jeff Winders, of Tolu, and James Ford, who lives in Missouri.

She professed faith in early life and joined the Baptist church at Salem and had lived a consistent life since. Mrs. Guess had been in declining health for several years with tuberculosis. She went to Greeley, Colo., in July 1915, living in the open air, but she had to go to the Loretta Sanitarium in Denver Dec. 1st, but gradually grew weaker until she gave up hope and decided to go to her loved ones in Salem before she was called and started, as stated above, only to lose the race.

PROCLAMATION.

To the citizens of Marion, Ky., I hereby designate April 26th and 27th, as "Clean-Up-Days." Now let every citizen get some pride about you and clean up your premises. It adds to your health. To keep your home in a sanitary condition, looks better, and is better in every way besides the laws of our country say we must clean up. It is your duty as a citizen to do this and I hope you will and help what you can to beautify the city.

With best wishes,
GEO. W. STONE,
Mayor.

TANLAC SECURES HIGHEST RECORD

Quality Tells The Interesting Story of This Extraordinary Medicine.

No other medicine ever has approached the wonderful record of Tanlac. Its success is a romance of the staid business world—a success built on merit so unusual that in just nine months after Tanlac had been introduced, one million bottles had been sold to men and women who had learned its superior qualities for the relief of ailments of the stomach, liver and kidneys and catarrhal affections.

Tanlac appeals to the best people everywhere. These are the men and women who judge intelligently and impartially, and the result always is a Tanlac verdict. Upon the endorsement of many thousands of well known people rests the great and secure popularity of Tanlac.

Those who take Tanlac always return for the second bottle because the first few doses establish its merits. Tanlac is so efficient and pure, it at once makes known its value in derangements of the stomach, indigestion, upset nerves and debility.

Tanlac, that has come to be generally known as the Master Medicine, may now be obtained in Marion, Ky., at the J. H. Orme Drugstore where it is explained daily to many people.

Tanlac may be obtained in the following nearby towns:

Blackford, A. T. Brown; Wheatcroft, Hardin Pharmacy; Clay, Kearney Blue; Providence, R. G. Baynam; Sturgis, Meacham & King; Caseyville, W. E. Ames; Fredonia, W. E. Cox; Crider, L. W. Guess; Princeton, Wylie & Walker.

ATTENTION DRUGGISTS—STORE KEEPERS.

An exclusive Tanlac agent is wanted in every town, village and cross road in this county. For particulars and advertising plans address Cooper Medicine Company, Dayton, Ohio.

ARLINGTON MERCHANT FEELS BETTER

Friedrich Redeker, a business man of Arlington, Ill., was a victim of stomach and digestive troubles. He went to a hospital for an operation for another trouble. When he recovered from the operation he found his stomach trouble worse and his heart affected.

He took Mayr's Wonderful Remedy. He got his appetite back and gained in strength right away. He wrote: "I owe you some words of congratulation for your stomach remedy. I could not eat anything but soft food and the bloating from gas got so bad that at one time I had a fainting spell for three hours. I went to one of your Chicago drug stores and got your remedy. I took the remedy and the next morning was relieved. I am getting stronger and can eat anything that comes along."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

REV. J. F. PRICE

Closes Successful Meeting at Morgantown, Kentucky—122 Confessions.

By Rev. James F. Price.

The meeting at Morgantown closed the first Sabbath night in April after a continuance of three weeks. Morgantown is the County-seat of Butler county, and has about 1200 inhabitants. I think I have never seen a town so deeply stirred on the subject of religion. But very few homes in the town failed to receive a spiritual impetus from the meeting. The influence of the services reached to the surrounding towns all over the county. The last day a continual service of some character was held from 10 o'clock in the morning until 10 o'clock at night, except two intermissions of about one hour each for the noon and evening meals. The interest in the meeting never abated at any time, but grew constantly in interest from the first to the last. Although many of the people had attended almost continually through the meeting, on the last day there was no manifestation of weariness, but the interest was so intense that the entire congregation seemed full and overflowing with enthusiasm and energy. While the singers had rendered splendid service all the meeting, yet the last night we had the most inspiring music of the whole period.

We frequently had to utilize from two to three pianists and two or three leaders, each as shifts to keep them from weariness. It was an intensive meeting. We held 124 services in the three weeks. In addition to the two regular preaching services there were held five separate prayer meetings each day. There was no excitement in the meeting, but a deep earnestness pervaded every service and brought rich results. The personal work was judicious and constant, not only in the services but throughout the town.

There were 122 confessions during the meeting and about twenty back sliders reclaimed.

Opportunity was given at different times toward the close of the meeting for church membership in the various churches. There were thirty-two additions to the Presbyterian church, fourteen to the M. E. South, four to the M. E., twenty-five to the Baptist and seven to the Cumberland churches. All the denominations participated heartily in the meeting. It was remarked frequently that they never saw such perfect harmony prevail among all christian people. I gave opportunity for membership to all the five churches at the same time.

The meeting took a deep hold on the school at Morgantown. The last service, there was possibly one hundred testimonials to the value the meeting had been to them individually and to the town. Among these testimonials was one from Mr. Jones, the Superintendent of the Graded School, who said that every student, not already a Christian, in the High School, and practically all in the other higher grades of the school became converted during the meeting.

One of the beautiful features of the revival is the organization to perpetuate the work. The five prayer meetings referred to will continue in weekly services.

We organized a Junior Endeavor Society with 52 members and a Senior Endeavor Society with 56 members.

Morgantown has a fine class of people, but in addition I wish to say they have the finest class of young men and young ladies I have found anywhere in all my ministry. The attendance was fine, the deportment and attention was ideal.

SKIMMED THE CREAM CLOSE

"Has anybody heard the latest news about the Newtons?" inquired Mrs. Jones as the Ladies' Aid Society of the Deer Run Church adjourned its regular monthly meeting.

"Why no, Mr. Newton ain't sick again, is he?" asked Mrs. Smith.

"Oh, no; he's all right again. In fact, he's passed our farm twice lately on his way to town," continued Mrs. Jones. "The news I was referring to was that I heard it might be straight that the whole family's going to move to Louisville."

"Well I never. What's taking them to Louisville? Why I supposed they'd always live in this neighborhood. It was only year before last that Mr. Newton had that big ol' fashioned house done over from top to bottom an' water an' gas put in."

"It's the children that's taking them. You see Nellie'll be fourteen this winter an' she'll finish the eighth grade by Christmas. She naturally wants to go to High School. An' then there's Henry, the next one; he wants to get ready to go to the State University, so there you are."

"Well I never. Look here, what're we goin' to do I'd like to know. If this keeps up it won't be very long until we won't have any children worth mentioning in our school, an' we won't have many strong members left in our church, an' no neighborhood that's fit to live in either. The Newtons ain't the first family that's left here an' gone to Louisville to educate their children."

"Well I should say they ain't. I can't count the people that have left here in the past five years on the fingers of both of my hands. An' those that have left were the best we had, too."

"Looks to me like the people in big cities have shown a lot of sense in building big schools an' making them attractive. If the cities have taken the same number of fine people out of every neighborhood in the State of Kentucky that they have out of this little neighborhood, they've about skimmed the cream pretty close."

"But what can we do?"

"Why can't we have good schools?"

"But schools cost money."

"Of course they do. If the big cities can get our best people to leave comfortable farms and homes, it must be a paying proposition. If it is why can't we do the same thing?"

"Why a big school would cost the neighborhood several thousand dollars a year."

"Well, suppose it did. If the ten fine families that have left here in the past five years could have been kept here happy and prosperous, wouldn't it pay?"

"Yes, I reckon it would, because I heard my husband say that every time one of these fine families left, the neighborhood was that much poorer. He said it meant a lot of money gone, because these men rented their farms an' spent the money they got in the big cities."

"You can say what you please, we're never going to have a fine neighborhood until we have real country schools."

"Yes, an' now that you've quoted your husband, I'm going to quote mine. He said last night that we can do a tremendous amount of good improving our own schools, but that we should also move Heaven and earth to get our whole school system out of politics."

"Good; you tell him we are all with him in that, too. Good-bye."

Backache, headache, dragging pains. Nothing relieved me until I took Peruna.

Thousands of the best women in the world are bearing the burden of backache, headache, dragging pains, a miserable half-dead, half-alive condition, produced by chronic internal derangements. Mrs. Joseph Lacelle, 124 Glenora Ave., Ottawa East, Ontario, Canada, is one of the fair women of America who has had her experience with this sort of a burden. Her experience is similar to the multitude of other women whose letters are recorded in the "Hills of Life." A copy of this free booklet ought to be in the hands of every housewife in the United States. Read what Mrs. Lacelle says:

"I suffered with backache, headache and dragging pains for over nine months, and nothing relieved me until I took Peruna. This medicine is by far better than any other medicine for these troubles. A few bottles relieved me of my miserable half-dead, half-alive condition. I am now in good health, have neither ache nor pain, nor have I had any for the past year. If every suffering woman would take Peruna, they would soon know its value and never be without it."

HUNDREDS DYING IN TURKEY KEY FOR LACK OF FOOD

Great Suffering Throughout Country and Relief is Asked.

Washington, April 11.—The American Red Cross received word today that Turkey for the first time is ready to accept aid for a half million of her citizens who face starvation. Hundreds it was said, are dying for lack of food. Ten thousand dollars was cabled to fill immediate needs.

A message from Red Cross agents in Turkey said the American organization would be permitted to co-operate with the Red Crescent. The dispatch added:

"Great suffering throughout country, particularly at Constantinople and suburbs along shores of Marmora, at Adrianople, Bruss and Smyrna. These regions, 500,000, not comprising Armenian refugees, need help for bread. Hundreds dying of starvation. No relief in sight. Typhus is spreading with high mortality."

Supplies cannot be shipped to Turkey because of the Allies' blockade and foodstuffs probably will be purchased by the Red Cross and sent from Rumania.

VICTIM ARRIVES IN LOUISVILLE

Billy De Alene Shot in Leg by Mexicans Several Weeks Before, He Says.

Having lost all his possessions in the raid on Columbus, N. M., by Villa and his band a few weeks ago and carrying a bullet wound in his right leg as a memento of an encounter with Mexicans several weeks prior to the trouble in Columbus, Billy De Alene, an automobile mechanic, arrived in Louisville yesterday afternoon. De Alene is a native of South Africa. His father was killed in the Boer war and he has been in the United States five years. He was employed in a garage in Columbus. Two months ago he took a party of men from Columbus into Mexico, and while he was receiving his pay several Mexicans came up and "just for fun" shot him in the leg. De Alene was able to drive back to Columbus, where he was given medical treatment.

When Villa raided Columbus De Alene, scantily clad, ran out of town and hid under a water tank that offered good protection. When the raiders had been driven off he returned to find his boarding house and the garage where worked in ruins. His employer had managed to escape in an automobile. Unable to get work he decided to go North, and after a rather unpleasant trip lasting six days, he struck Louisville, where he hopes to find employment.—Courier Journal.

FOR BETTER ROADS

ESTIMATING COST OF ROADS

Much Depends on Type of Construction and Amount of Grading to Be Done—Some Figures.

The cost of a road is dependent upon not only the type of construction but the amount and character of grading to be done, the cost of labor and materials, the width and thickness of surfacing, the character and amount of drainage required, and other factors of equal variability. Based upon general averages, it has been ascertained by highway specialists of the department that under average conditions macadam roads can be built in southern states at from \$4,000 to \$5,000 per mile, gravel roads at from \$1,500 to \$2,500 per mile, and sand-clay and topsoil roads at from \$800 to \$1,500 per mile.

In New England and the other eastern states macadam roads are reported at from \$6,000 to \$9,000 per mile, gravel roads at from \$3,200 to \$5,000, and bituminous macadam from \$8,000

Good Road Along Pacific Coast.

to \$13,000, according to the character of construction, whether surface treated, penetration or mixing method. The bituminous type is quite general in the eastern states.

As indicating costs in other sections of country, the state highway commissioner of Michigan reported that in 1913 the average cost for macadam roads was \$4,300 per mile, clay-gravel roads \$1,500 per mile, and concrete roads about \$10,000 per mile. The average cost of state highways constructed in Ohio two years ago was \$8,353. According to types, in 1912 the brick-paved highways averaged \$14,650 per mile and the macadam highways \$5,950.

In California the first 356 miles of the state system of highways cost an average of \$8,143 per mile and consisted principally of thin concrete with a thin coat of bitumen. The maximum and minimum figures given are not absolute, but are intended to present the usual range of costs. The rates given include grading, drainage, surfacing and engineering costs.

"DIRT ROADS" AND RAINFALL

Easy to Be Seen That Good Roads Proposition Gets Down to Question of Dollars and Cents.

Back in the boom days of railroad building many a county in full many a middle West and western state voted hundreds of thousands of dollars' worth of bonds to get a railroad to cross its boundaries. This was in the old days of pioneer poverty when lands were selling anywhere from \$1.25 to \$15 an acre. Some counties are still paying off railroad bonds, some repudiated the debt and others have had half a century of litigation over them. However, for the most part the roads were built and agricultural development followed their coming.

Something like three-fourths of all the freight hauled by railway lines must, first or last, pass over public highways. It has been shown over and over again that every ton so moved costs 23 cents a mile. It is easy to see that the good roads proposition gets down to a matter of dollars and cents.

Next March, or maybe April, when we have to walk to town across the fields; when it takes a six-horse team to move a load of hay a mile; when the mail carrier cannot get around for a week and the children miss school on account of the mud—then we are all for good roads. As the mud dries and the chuck-holes fill, we get lukewarm. When the road-bond proposition comes up we begin to talk high taxes and either stay away from the polls or vote against it.

Good roads will never come till we change our views and keep them changed. Left to themselves a dirt road and a rain will always mean mud.—Farm Progress.

Economic Maintenance.

The split-log drag has contributed to a large extent toward the economic maintenance of public highways. It is an improvement which can be built or purchased at a low price and is easily operated by anyone who can drive a team.

Good Roads Would Help.

It costs \$2 to haul a ton of freight a hundred miles, by rail. It costs \$2 to haul a ton ten miles on the ordinary country road. Would good roads help?

"Kausolit" New Explosive.

For many years a superphosphate company at Stockholm has been experimenting with new explosives, and now seems to have found one warranting extensive manufacture. It is very powerful, and one of the principal ingredients is perchloride of ammonia prepared in some special way. "Kausolit" as it is called has great explosive power and seems especially adapted for shells.—Exchange.

SCHILLER ATTEMPTED TO DYNAMITE SHIP, CHARGE.

Plot to Blow up Pannonia is Alleged by New York Police.

New York, April 4.—Charged with attempting to place dynamite on the Cunard Line steamship Pannonia, Clarence Hudson, also known as Earnest Schiller, the German stowaway, who took possession of the British steamer Matoppo at sea last Wednesday night, was locked up tonight at police headquarters. According to the police, Hudson and three other men planned to blow up the Pannonia on the night of March 3 while she was moored in the North River.

Hudson admitted he had used a motorboat in which dynamite was stored, but refused to state where the launch or the explosive could be found. A trunk belonging to him was confiscated at the boarding house in Hobo-

ken, where he lived, but information as to its contents was refused.

The plot to destroy the steamship was abandoned. Hudson said, because two of the three men he had engaged as confederates backed out at the final conference, and he decided the task was too big for two men to tackle.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

307 Have Been Killed Since London Darkened Streets

London, April 4.—Since the order of last October for further darkening the streets went into effect 307 people have met death by accident at night. Street dangers, judging from the fatal accidents, seem to have decreased slightly since the beginning of the year. Many believe this is due to the vigorous prosecution of drivers of taxis and busses who have exceeded the speed limit.

When the bowels become irregular you are uncomfortable and the longer this condition exists the worse you feel. You can get rid of this misery quickly by using HERBINE. Take a dose on going to bed and see how fine you feel next day. Price 50 cents. Sold by James H. Orme, Marion, Ky.

Distilleries Waste Tons of Potash.

According to Farm and Fireside fertilizer sharps have demonstrated that more than 100 tons of potash go to waste every day in the twenty-five or more distilleries that subject molasses to the process of fermentation. This potash, thus wasted daily, is worth at present prices about \$30,000. There seems to be no good reason why this potash cannot be saved as a new source of plant food.

Ralph Peters On Railway Mail Pay

A controversy has been raging in the columns of the press between the railroads and the Federal Post Office Department over the question of proper compensation for handling the United States mails. Mr. Ralph Peters, Chairman of the Railway Mail Committee, when asked to state the railroad side of the controversy to the American farmer, said in part:

"The railway mail pay question will be settled—and settled permanently and with justice to all concerned—as soon as the American people realize that the whole subject, while seemingly complicated and technical, boils down to a few simple points of fair business dealing which no one need be a rate expert to understand.

"The first is that the Post Office Department weighs the mails, and adjusts the pay of the railroads, only once in four years. This compels the railroads to carry the increase in the mail tonnage during the intervening years without pay—manifestly an injustice in the case of a rapidly growing business. One consequence has been that last year the railroads carried fully half the parcel post for nothing.

"A second point is this: In addition to carrying the mails, the railroads are required to operate many traveling post offices for sorting and distributing the mails while in transit. But the Post Office Department pays for such post offices only where they occupy whole cars, and pays nothing in the many cases in which it merely requires the use of post office apartments in combination cars, although such apartments differ from the full railway post office cars only in size. More than 4,200 apartments of this character have been fitted up, and are maintained for the exclusive use of the Post Office Department. Failure to pay for them has been an especial hardship to the smaller roads on which the Department does not find it necessary to utilize whole cars.

"One last point: In thousands of instances (though not in all) the Post Office Department requires the railroads to carry the mails back and forth between railroad stations and post offices, but pays them nothing for this extra service beyond the rates covering the rail transportation. The railroads have no choice but to perform this additional service gratis, or refuse to carry the mails at all.

"Now for the remedies the railroads ask: They do not ask to have the mails weighed daily, or to have each shipment weighed and paid for separately, as is done in the case of private shippers. They merely ask to have the mails weighed, and the pay of the railroads adjusted, at least once a year, instead of once in four years. They also ask that apartment post office cars be paid for, at reasonable rates, according to size. Lastly, they ask that the Post Office Department cease to require of them free messenger service between stations and post offices, and either relieve them of this service or pay fairly for it. These are the reforms the railroads ask of Congress. They gladly lay these reforms before the public, confident that they will appeal to the common sense and fairness of American voters."

Neighborhood of Your Advertising

By HERBERT KAUFMAN

Author of "Do Something! Be Something!"

CIRCULATION is a commodity which must be bought with the same common sense used in selecting potatoes, cloth and real estate. It can be measured and weighed—it is merchandise with a probable value. It varies just as much as the grocer's green stuff, the tailor's fabrics and the lots of the real estate man.

Your cook refuses to accept green and rotten tomatoes at the price of perfect ones. She does not calculate the number of vegetables that are delivered to her, but those that she can use. When your wife selects a piece of cloth she first makes sure that it will serve the purpose she has in view. When you buy a piece of property you consider the neighborhood as well as the ground. Just so when you buy advertising you must find out how much of the circulation you can use. You must judge the neighborhoods where your copy will be read, with the same thoughtfulness that you devoted to selecting the spot where your goods are sold.

A dealer in precious stones would be foolish to open up in a tenement district, and equally short-sighted, to tell about his jewelry in a newspaper largely distributed there. Out of a thousand men and women who might see what he had to say not ten of them could afford to buy his goods. These thousand readers would be mass without muscle. He could make them willing to do business with him, but their incomes wouldn't let them become customers.

One of the greatest mistakes in publicity is to drop your lines where the fish can't take your bait.

Circulation is, as you see, a very interesting subject, but very few people know anything about it. It would surprise you to know that this ignorance often extends to the business offices of newspapers. I have known publishers to continually mistake the class of their readers and have met hundreds of them who had the most fantastic ideas upon the figures of their circulation.

While I would not be so harsh as to accuse them of anything more than being mistaken, none the less their tendency to infect others with this misinformation renders it extremely advisable for you to become a member of the Missouri society—and "be shown."

J. J. Brown On Farmers' Union Invites Co-operation

Co-operation is a mighty word that is ringing from ocean to ocean, reverberating from field to factory and echoing down the corridors of business. It is the slogan of the Farmers' Union, the guiding star of progress and the cornerstone of a new civilization. No man or organization can prosper without co-operation. Mr. J. J. Brown, president of the Georgia Farmers' Union, in his annual address, extending to the business interests an invitation to co-operate, said in part:

"The time has come when it is absolutely necessary for the business men and the farmers of this country to get together and stand for the best interests of our country, in order that we may change the conditions that now exist in the handling and marketing of farm products. For that reason the Farmers' Union is holding public meetings throughout the country and is cordially inviting the business interests to co-operate with us in our efforts to build up our agricultural interests.

"At the beginning of the government, from eighty to ninety per cent of all the wealth of this country was in the hands of the farmers. Since that time they have gradually lost in the great race of life until today the farmers of this country own less than thirty per cent of the wealth. And while the farmers of the United States produced last year ten billion dollars' worth of new wealth, they received, in round numbers, about forty per cent of this wealth, while those who manipulated and speculated in their product received sixty per cent.

"What would you think of the merchant who, knowing the cost of his goods, would allow a consumer to walk into his store and tell him at what price he must sell his calves? My friends, that is exactly what our farmers have been submitting to for the last half century. We do not blame the merchant, neither do we blame the man who takes advantage of the infamous system of marketing our products, thereby making millions of dollars in a business called legitimate, but we farmers are to blame for submitting to such outrages.

"I believe in scientific farming, intensive farming, diversified farming, and every kind of good farming. I swallow the hog and hominy proposition. But all these things are matters of putting the cart before the horse and the whole farming-machine simply cannot get anywhere. We must meet the basic economic conditions first, then add to them these other things.

"We've had one palliative plan after another given us from every source under the sun, but until we organize and demand, as organized, enlightened citizens demand and obtain, we may expect the tidal wave of failure to engulf the entire South and the land of our inheritance may pass from us forever."

Democratic State Committee
To Meet April Fourteenth.

S. W. Hager, chairman of the democratic state committee, has called a meeting of the committee for Friday, April 14, at the Watterson Hotel in Louisville, for the purpose of calling state and county conventions. It is not yet known how long it will be from the time this committee meets until the state and county conventions will be held. The state convention this year will probably be held at Lexington.

HUGE ASSASSINATION PLOT
IS UNEARTHED IN CHICAGO

Investigation Shows Czar and Kaiser Were Intended Victims.

Chicago, April 11.—The existence of an international anarchistic plot to assassinate all the rulers of Europe has been discovered here, according to a formal statement issued today by Macley Hovne, State's Attorney of Cook county. The alleged plot was unearthed by the State's Attorney's men while investigating the activities of Jean Crones suspected of poisoning the guests at the banquet in honor of Archbishop Mundelein a few weeks ago. The State's Attorney said the list of proposed assassinations was headed by the Czar of Russia. Emperor William was second on the list.

SPRING CLOTHES

for Men and Young Men

We're ready with them, whenever you're ready for them, but it's wise to buy now; read and see!

IT'S always a good plan to look over the New Styles early in the season, before the best things are gone, but this year there's more to it than that.

Good Woolens are scarce and getting scarcer. Fast Dyes are hard to find. The surplus stocks, which the woolen mills have been using, are now practically gone, the producers are up against it.

Our clothing makers stocked up long ago. They are all right for the present. The new Spring clothes we're now showing, are from pure Australian wool, dyed with the good old-fashioned German dyes.

But there's no reserve! These fine Clothes can't be duplicated. We can't get any more like them. If you want them, you'll have to buy them now.

It's more or less the custom, you know, for every Clothing store to replenish its stock on the popular lines, as the season advances. But this year it can't be done. The big makers have warned us, as we are warning you, they simply can't get the goods.

So, buy now. Don't delay! There never was as handsome line to see; never a better choice. All patterns, all styles models and sizes. Our clothes are sold at old prices.

BERNICE SOUTHERLAND
WINS GOLD MEDAL

In Declamatory Contest Held in
The School Auditorium Last
Friday Evening.

The annual Declamatory Contest of Marion High School took place on April 7th. The ten young ladies who were competing for the beautiful medal were able representatives. They spoke so well that they reflected honor not only on themselves but Miss Holtzclaw, the talented young lady who trained them.

The Judges of the contest were Mr. Bentley, of Paducah, Mr. Threlkeld, of Madisonville and Miss Soyars of Hopkinsville.

The girls who were in the contest are Ruby Vaughan, Nellie Stone, Gladys Travis, Gladys Hardy, Katherine Reed, Louise Doss, Opal Davidson, Marie Gass Wilma Wright and the girl who was awarded the gold medal, Bernice Sutherland, whose declamation was entitled, "The Sign of the Cross." The medal is handsome and well worth working for. This is not the last year there is to be a medal and a contest. We will have another next year. There is not a town anywhere that has more school spirit than Marion. That is proven by the number that offered to give the medal and by the spirit in which it was given.

Marion High School is very proud of her young men. Herbert Moore is to represent the school in the Oratorical Contest at the meeting of the Interscholastic Association at Morganfield April 28th. He is one of Marion High School's "stars" and we are justly proud of him. Our athletes are doing some splendid work. The vaulters are doing much better work than they did last year and we carried off most of the honors then. The entrees for the several other events are getting in trim and are doing excellent work. Encourage and give your support to the promotion of good clean athletics and it will help these boys who are going to Morganfield hoping to win the silver loving cup.

S. H. Franklin, generally called affectionately "uncle Hale," is seriously ill at his home on North Court street. On account of his age and feeble constitution, little hope is entertained of his recovery.

Senator James came in Saturday morning and remained until Sunday morning, when he returned to Washington. While here he informed his friends that the U. S. government will proceed at once with the postoffice building and that it will be completed and ready for occupancy within 15 or 18 months.

Isaac Dillard, one of our boys who appreciates his opportunities, returned from the Western Kentucky State Normal last week and has a job to keep him busy evenings and Saturdays, and has entered the Marion high school to continue his studies. Isaac in later life, will be glad he wasn't too "smart" to attend the home school after having attended college away from home. He is the elder son of Charles Dillard, who is one of the city's most trusted employees on street work, and a man who can be depended on.

Cochran & Company's Demonstration a Success.

Cochran & Company's Implementation day was a wonderful success. The register in their store contains over 1800 names of persons who visited their warehouses Monday. This firm recently took in \$2000.00 in cash in one day and we would not be surprised if Monday's business exceeded that. All Marion and Crittenden county should be proud of a firm like Cochran & Co. This firm composed of Tom Cochran, Lawrence Crider and Alvis Stephens, and would be a credit to any city.

Those who assisted and the firms they represented are as follows:

R. H. Rodgers, Southern Stove Works, Evansville, Ind.; H. D. Bourland, Evansville Paint & Varnish Co., Evansville; Tom Vancleve, International Harvester Co., Evansville; T. E. Snider, International Harvester Co., Evansville; W. J. Crowe, Delker

Held Train Until

Couple Say Goodbye

The I. C. Railroad Co. has in its employ the most accommodating officials of any corporation doing business in the country, as shown by the fact that they not only stop trains at most any point along the route to take on passengers, but recently waited at the intersection of Second and the railroad crossing until a certain young girl in the city could get there to bid her friend goodbye.

Train No. 335 going South, leaving the union station at 5:35, was crossing Second street when the conductor spied a man running at break-neck speed in the direction of the crossing. Supposing he wanted to catch the train the conductor gave the signal to stop.

The passenger got aboard and

looking back toward the station a young lady was seen running down the track in the direction of the train. The conductor waited until she arrived, when it was learned she only wanted to bid her sweetheart good-bye. After allowing the two to exchange greetings and bid each other farewell the train pulled out for Uniontown about five minutes behind time.—Henderson Gleaner.

Dangers of Draft

Drafts feel best when we're hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism! In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25 cents at your Druggist. 1

Costs Forty Cents to Deliver Bushel of Wheat in France.

Farm and Fireside tells us that out of the war has come inevitably a striking change in the relation of American business to ocean shipping. "Instead of getting our wheat hauled across the North Atlantic as ballast, it has recently been calculated that it costs from 35 to 40 cents to deliver a bushel of American wheat in France. The Frenchman is paying the cost and it is so high that he is grumbling about it, and has, like the Britisher, taken steps for better and closer government control of his ships."

Editor After His Preacher.

Editor Gregory, of the Central City Argus, last week editorially announced his "resignation as secretary of the Board of Deacons, member of the building committee, worker in the church and former teacher in the Sunday School." From the tone of his article it appears that he feels that he has not been treated fairly by the Rev. Ernest House, pastor of the Christian church, at that place. He adds, "The Argus will handle him without gloves," and the article closes with "Subscribe for The Argus and keep up with this new serial which starts next week." Russellville Times.

CLEAR THE CHANNEL

THE FARMER AND WIFE TEACH

The little chap in blue overalls, holding his home-made "Farm Day" flag, was one of the school children to help in this new celebration in Hart County last September. Perhaps "Farm Day" ought not to be spoken of as a celebration at all, because it is merely the school children going to school to a good farmer and his wife for a day. But then it was a celebration for the good neighbors and parents of the school children, so perhaps it was something of a mixture of a celebration and a going to school that pleased everybody immensely.

Farm Day goes to show that new things in the life of the rural schools are springing up everywhere, and the only difficulty in using them rationally is, that the change of administration at Frankfort is putting into office a new man as Superintendent every four years. No matter how strong a school man he might be, he has no time in which to develop school matters over a long period, and so the school and the children suffer.

On the 10th of September the children and teachers of 23 schools went visiting. Each school had selected the best farm and home in the neighborhood to visit for the whole day. Everybody had been notified a week in advance, so that each child and every visitor brought a lunch. Instead of "readin', writin', an' 'rithmetic," under

the teacher's supervision, the farmer and his good wife took charge. The farmer took the youngsters out to see his cattle, while he explained what he considered the best plan of feeding to make them a profitable proposition. Horses and mules, cows and calves, sheep and hogs were judged for points. Tobacco patches, cornfields and meadows were inspected and estimates made of crops still on the land or in the barns.

The girls were taken in hand by the good housekeeper and shown through her home from cellar to garret. Her methods of handling her milk and cream and butter were explained in full. Her turkeys, chickens and geese were visited. She told them what she considered the best breeds, and gave them her ideas of the feeding and the care of fowls. She even got out her winter supply of jams, jellies, preserves and canned fresh fruits and vegetables and told her audience what she considered the safest plan of "putting up garden an' orchard sass" so that it would be certain to keep.

The farmers were delighted because it made the children see the farm from a proper viewpoint. The housewives were charmed because the children saw how closely connected good farming and good housekeeping were. The neighbors were pleased because the day became an informal social gathering which centered about the school. The teacher was glad to be able to have the children busy with real things and real problems, while their own parents and neighbors looked on.

If every county in the state could have a "Farm Day" or a half dozen of them scattered through the year, it would force the matter of education close home to every parent. As was mentioned above, one of the great stumbling blocks to definite and well-organized advancement in the schools of the state is that the school system is tied up in politics. This is not the fault of the school men and women, but the fault of the people. If the people love their children, and they do, they will see to it that the schools are lifted out of politics for all time to come.

ATHENS TO MAKE PROTEST

Air Raids on Saloniki to Be Considered Attacks on Greece

Athens, April 8 (via Paris April 11).—Macedonian members of the Greek parliament today presented to Premier Skouloudis a written demand for the protection of Saloniki against aeroplane raids. The cabinet is called upon to send a declaration to the Central Powers stating that any bombardment of Greek territory by aeroplanes will be considered

as directed against Greece.

Premier Skouloudis accepted the document and promised to make the representations demanded.

Serb Legation Pillaged, American Minister Protests.

Paris, April 11.—A dispatch from Athens, dated Saturday, received by the Havas News Agency says:

"The populace has pillaged the building of the Serbian legation at Sofia, says information obtained from a reliable source. The Bulgarian authorities arrested the men left in charge of the building.

"The American Minister at Sofia protested to Premier Radoslavoff, who justified the action of the people on the ground that Serbia, having ceased to exist as a nation, the legation building belonged to Bulgaria."

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

Attacks Turks in Snow.

Petrograd, April 12.—The war office gave out the following official report:

Caucasus Front.—In the basin of the upper Tohoruk our Cossacks and riflemen continue their attacks on the mountain positions, which are deep in snow. We have dislodged the enemy from some positions and taken some prisoners.

MORE RHEUMATISM THAN EVER BEFORE

Clergymen, Lawyers, Brokers, Mechanics and Merchants Stricken.

Our old friend Rheumatiz is having his inning this year, and a few words of caution from one who knows all about it may not be amiss.

Wear rubbers in damp weather; keep your feet dry; drink plenty of lemonade, and avoid strong alcoholic drinks. If rheumatism gets you, or sciatica, and you have sharp twinges, gnawing pain or swollen joints or muscles, you can get rid of all agony in just a few days by taking one-half teaspoonful of Rheuma once a day.

All druggists know about Rheuma, it's harmless, yet powerful, cheap, yet sure, and a 50-cent bottle will last a long time. Ask J. H. Orme or any druggists. 11

Jaws Locked.

Ashland, Ky., April 11.—William Blanton, 25, has gone to Louisville, where he will undergo an operation. Blanton's jaws are grown together so closely that he is unable to eat any solid food other than that which he can force through his teeth. For over seventeen years nothing as large as a grain of rice has entered his stomach, yet he has worked and supported a widowed mother. A local dentist, Dr. George Bell, extracted his eleven teeth and raised enough money to pay his way to Louisville, where he will be operated on.

GIRL COULD NOT WORK

How She Was Relieved from Pain by Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I had pains in both sides and when my periods came I had to stay at home and suffer a long time. One day a woman came to our house and asked my mother why I was suffering. Mother told her that I suffered every month and she said, 'Why don't you buy a bottle of Lydia E. Pinkham's Vegetable Compound?' My mother bought it and the next month I was so well that I worked all the month without staying at home a day. I am in good health now and have told lots of girls about it."—Miss CLARICE MORIN, 22 Russell Street, Taunton, Mass.

Thousands of girls suffer in silence every month rather than consult a physician. If girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion would take Lydia E. Pinkham's Vegetable Compound, a safe and pure remedy made from roots and herbs, much suffering might be avoided.

Write to Lydia E. Pinkham Medicine Co., Lynn, Mass. (confidential) for free advice which will prove helpful.

LOYD'S BRAIN LEAKS.

By F. S. LOYD:

Charley Byrd says, An old battered empty tomato can isn't worth much, but it is of more value than the kiss of a woman gives another when they are on the street for it is a waste of material.

Noel Baker says, Mother is always afraid that the children will be kidnapped, but father knows better.

"Know Thyself" is good advice" remarked David Woods, "but how may a man know himself."

"Well," replied George Crider, "That's easy enough. All you have to do is to become a candidate for some political office." George knows.

Abe Deboe says, An hour is a whole lot longer to loat than it is to work.

Albert Elder says, Any old kind of a man will do for a husband, but a woman is hard to please when she is selecting the wall paper for the house after she is married.

Joe Rochester said, Once upon a time a certain married man offered his wife \$10.00 without even being asked for it. And the Coroner said that her death was caused by some mysterious shock.

"No man can serve two masters," said Bro. Oakley.

"Oh, I don't know," said uncle Dock Green "lots of men get married twice."

Ed Rice says, We are always knocking the liar, yet we all know that no man can be polite and tell the truth all the time.

Uncle Gus Bentley says, There is one good thing about every man and that is his opinion of himself.

Albert Elder says, A man doesn't often regret that he married his wife but he often wonders WHY he married her.

Joe Stewart says, I can make another man's wife look pleasant and keep her mouth shut but I can't make my own wife do it.

own wife do it.

Jim Freeman says, I don't mind to be called baldheaded but don't call me flatheaded.

Carlous Oakley said, "Pa, what is petticoat government?"

"That's what every republican and every democrat votes for, the day he marries," my son.

Mrs. Oakley said, "Carlous you go get some soap and wash out your face and hands."

"Senator Ollie James is a very wise man," remarked George Crider "he keeps what he knows to himself."

"That's right," agreed Burl Walker, "I once heard him make a speech."

Uncle Dock Green says, There are lots of beautiful verses and sayings in the bible but a man can't remember any of them when he steps on a tack when he is barefooted.

Carlous Oakley said, "Pa, what is the difference between a pastor and an evangelist?"

"About \$50,000.00 a year," my son.

Tom Jones said to Mattie Smith:

"May I kiss your hand?"

PRESAGE BLOW TO GERMANY

British Success in Africa Says Paris, Bound to Affect Peace Terms.

Paris, April 12.—A semi-official communication discusses the British offensive operation in German East Africa. It says:

"This is Germany's last colony. The enemy has large sums invested there in railways and other exploitations. The complete conquest of the colony is only a question of time and cannot be long delayed. Consequently the Colonial Empire created at such cost by Germany will disappear and Germany will no longer have an outlet out of Europe.

"It is easy to see the important bearing this fact will have at the conclusion of peace. Every time, in the course of our

history, that we have lost colonies, even when there had been successes on the Continent, we have had to accept disastrous terms of peace. It is probable similar events will have similar results in the case of Germany."

\$70,703,600 Check is Made by J. P. Morgan Company.

New York, April 11.—A check for slightly more than \$70,703,600 said to be the largest ever drawn, passed through the New York Clearing House yesterday. It was made by J. P. Morgan & Co., on a local bank to order of the Canadian government in payment of \$75,000,000 par value five per cent bonds recently purchased by a syndicate of bankers.

These bonds, which mature in three equal parts at the expiration of five, ten and fifteen years were recently sold by the banking syndicate at public offerings at prices slightly under par. The passage of this check through the clearing house will involve an unusual shifting of loans, which will be reflected in next Saturday's bank statement.

Teddy Discovers Bird

On Trip to Trinidad

New York, April 10.—Colonel Theodore Roosevelt returned on the steamship Matura from the West Indies, silent on politics and the Mexican situation, but announcing the discovery in Trinidad of what was to him a new variety of bird, in which he was much interested. He and his wife had been absent six weeks on what he termed a vacation.

The bird, he said, was about as big as a barn owl. It lives in caves, is nocturnal in its habits

and eats nuts. Its native name, he added, was the "guacharo."

Asked by one of the newspaper men who met him at quarantine if the bird "barked like a dog" Colonel Roosevelt pointed a finger warningly and exclaimed, "Now no nature faking sir."

He added that he was going to call the attention of the New York Zoological society to the bird, and remarked that he might write something about it.

Colonel Roosevelt declined to discuss his plans for the future.

\$250 SUIT

Against Kentucky Rural Credit Association Filed By J. L. Mattingly.

The Kentucky Rural Credit Association was made defendant in a suit filed Wednesday morning by W. A. Wells, attorney for J. L. Mattingly, for \$250 agreed to be due for money paid the defendant with the understanding that the plaintiff was to be given a loan of \$1,000 on 5 per cent interest.

It is claimed by the plaintiff that the representatives of the association represented to him that if he would take shares of stock in the association at \$100 per share and would pay \$250 cash, he would be given a loan of \$1,000 for a period of twenty years at 5 per cent. He says he subscribed for the stock, paid the \$250 during 1915 and has been unable to get the loan as agreed upon at the time.

The plaintiff prays the court for a judgment against the Kentucky Rural Credit Association for \$250 with interest at 6 per cent. from the time the loan was made until paid, for his costs and all proper and equitable relief.—Henderson Gleaner.

IT COULD BE WORSE.

There are some days when you can't lay up a cent! It all goes out for the ice and gas and rent. And you may wonder how and when and where You're ever going to be a millionaire. It somehow seems that your neighbor gets ahead. And you stand still, just as though you were dead. But if the whole truth he but would impart, He envies you to the bottom of his heart. NOTICE TO FERTILIZER USERS.

In order to co-operate with our farmers and by request of our County Agent, Mr. J. Robert Bird, we will again act as agent for the purchases of Fertilizer for them this season.

Terms will be strictly cash, as our commission will be too small to admit of time prices.

We will pay for the fertilizer when it arrives and the purchaser pay us for same when loaded on his wagon.

By this arrangement the farmer will get his fertilizer practically at wholesale price, and a considerable saving to him.

Man Who Seized Ship

Is Held For Piracy.

New York, April 11.—Under arrest on a charge of piracy, Clarence Hudson, otherwise known as Ernest Schiller, was lodged in the Tombs, pending his removal to Delaware for trial for the seizure at sea of the British freight steamer Mantopopo. He was taken into custody at Bellevue hospital upon a warrant issued by William G. Mahaffy, federal commissioner in Delaware.

Hudson was brought to this city by the police of Lewes, Del., after his arrest there.

CUPID INVADERS THE

WHITE HOUSE AGAIN

Dr. Grayson, Pres. Wilson's Aide to Marry Miss Gordon, Mrs. Wilson's Chum.

Washington, April 10.—Dr. Cary T. Grayson, President Wilson's physician and naval aide, and Miss Alice Gertrude Gordon of this city, Mrs. Wilson's most intimate friend, will be married within the next two months. Announcement of the engagement was made today by Mrs. Henry Wood Flournoy of New York, Miss Gordon's aunt. The wedding will take place either in New York or Washington and may be solemnized in the White House. The president and Mrs. Wilson will attend.

Miss Gordon and Mrs. Wilson were close friends before either entered the White House circle and they have visited Europe together. Miss Gordon, who is 25 years old, is an orphan and the daughter of the late Gen. J. J. Gordon of this city, who left her a large fortune at his death several years ago. With Mrs. Wilson, Miss Gordon was a guest of the president's family at Cornish N. H., last summer. Recently she has made her home in New York, where she has been studying languages.

Dr. Grayson, a member of an old Virginia family, is a passed assistant surgeon in the navy and has served as the White House physician during the entire Wilson administration. To him has fallen the task of pre-seaving the health of Mr. Wilson during the many trying days since the inauguration. He has accompanied the president on all of his trips and is his regular partner at golf.

Felix Diaz Starts New Revolution.

Washington, April 11.—Reports to the department of justice indicate that there now is no longer any doubt that Felix Diaz had landed in Mexico. Officials have been informed that he is at the head of a considerable force in the South of Mexico, and has received material aid through Guatemala. It is the first official information of the revolutionary leader's whereabouts.

A propaganda in his favor along the border between the United States and Mexico is reported, and a number of his adherents there are under surveillance by the department agents.

J. C. BRADY

"A druggist has many opportunities to make lasting friends of his customers," said Mr. J. C. Brady, popular Rexall Pharmacist of Fall River, Mass. "The very nature of his business draws their confidence for little helpful suggestions on the matter of health. Many people have thanked me for recommending Rexall Orderlies as the best relief for constipation and its resultant ills. Put up in dainty candy tablet form, they are pleasant to the taste and make an ideal laxative for the home—for men, women and children alike."

Presbytery of Princeton.

The Presbytery of Princeton met with the first Presbyterian

church, Hopkinsville, Ky., Tuesday, April 4, 1916. The opening sermon was preached by Rev. J. F. Claycomb, the retiring Moderator. Two ministers were received into the Presbytery; Rev. J. A. Frances from the Presbytery of Bell and Rev. J. Duncan Harley from the Presbytery of Cairo. Most of the ordained preachers were there and nearly all the churches were represented. Rev. W. M. Woodfin of the Temperance Board was with us and made a fine address. Women's Presbyterian Missionary Society had a great meeting. Wednesday evening was given to them for their public meeting and it was a marked success.

Rev. J. H. Miller, D. D., from Nashville, Tenn., was with us part of the time. The reports of the various committees were well prepared. The report of the committee on Evangelism showed that it had been a successful year in revival work. 224 conversions were reported and over 100 additions to our church. Most of our churches held meetings and many of them resulted in great revivals.

The following were elected Commissioners to the General Assembly: Rev. M. E. Morse principal and Rev. Jas. F. Price alternate, Elder L. E. Crider, Marion, Ky., principal, J. J. Sherril, Mayfield, Ky., alternate. The spirit of the Presbytery was fine and all said they never enjoyed a better one. There was not a jar or note of discord from beginning to end, but all was a perfect unity of feeling. Hopkinsville entertained the Presbytery royally and everyone was treated best.

The next meeting of Presbytery, God willing, will be held with the Crayneville church.

James F. Price, Stated Clerk.

J. G. ROCHESTER RETIRES

Long Honored as Master Commissioner--D. A. Lowery Appointed.

D. A. Lowery was appointed as Master Commissioner and Trustee of the Jury Fund last week by Judge Henderson and the appointment has met with universal approval. There is no cleverer more accommodating man than D. A. Lowery and further he is honest and conscientious in all his dealings and the public affairs in his hands will not suffer in any respect. J. G. Rochester, whom he succeeds, was elected County Attorney in August 1882, served 8 years as such; was elected County Judge in Nov. 1897 and served 4 years as such. His first official act was to permit John T. Pickens to qualify as sheriff. He was appointed Commissioner of the Crittenden Circuit Court in Mar. 1893, and trustee of the Jury Fund in 1895, and was appointed Circuit Court clerk, in March 1910 and again in Sept. 1914 by Judge Gordon.

Mr. Rochester has been a familiar figure around the courthouse for almost a quarter of a century and will be missed by his friends. He will resume the practice of law.

Presbytery of Princeton.

The Presbytery of Princeton met with the first Presbyterian

church, Hopkinsville, Ky., Tuesday, April 4, 1916. The opening sermon was preached by Rev. J. F. Claycomb, the retiring Moderator. Two ministers were received into the Presbytery: Rev. J. A. Frances from the Presbytery of Bell and Rev. J. Duncan Harley from the Presbytery of Cairo. Most of the ordained preachers were there and nearly all the churches were represented. Rev. W. M. Woodfin of the Temperance Board was with us and made a fine address. Women's Presbyterian Missionary Society had a great meeting. Wednesday evening was given to them for their public meeting and it was a marked success.

Rev. J. H. Miller, D. D., from Nashville, Tenn., was with us part of the time. The reports of the various committees were well prepared. The report of the committee on Evangelism showed that it had been a successful year in revival work. 224 conversions were reported and over 100 additions to our church. Most of our churches held meetings and many of them resulted in great revivals.

The following were elected as Commissioners to the General Assembly: Rev. M. E. Morse principal and Rev. Jas. F. Price alternate, Elder L. E. Crider, Marion, Ky., principal, J. J. Sherril, Mayfield, Ky., alternate. The spirit of the Presbytery was fine and all said they never enjoyed a better one. There was not a jar or note of discord from beginning to end, but all was a perfect unity of feeling. Hopkinsville entertained the Presbytery royally and everyone was treated best.

The next meeting of Presbytery, God willing, will be held with the Crayneville church.

James F. Price, Stated Clerk.

J. G. ROCHESTER RETIRES

Long Honored as Master Commissioner—D. A. Lowery Appointed.

D. A. Lowery was appointed as Master Commissioner and Trustee of the Jury Fund last week by Judge Henderson and the appointment has met with universal approval. There is no cleverer more accommodating man than D. A. Lowery and further he is honest and conscientious in all his dealings and the public affairs in his hands will not suffer in any respect. J. G. Rochester, whom he succeeds, was elected County Attorney in August 1882, served 8 years as such; was elected County Judge in Nov. 1897 and served 4 years as such. His first official act was to permit John T. Pickens to qualify as sheriff. He was appointed Commissioner of the Crittenden Circuit Court in Mar. 1893, and trustee of the Jury Fund in 1895, and was appointed Circuit Court clerk, in March 1910 and again in Sept. 1914 by Judge Gordon.

Mr. Rochester has been a familiar figure around the courthouse for almost a quarter of a century and will be missed by his friends. He will resume the practice of law.
